MARQUEE BUSINESS SOLUTIONS

MBS WEBSITE AGENT

MAKE IT EASY TO CHOOSE YOU.

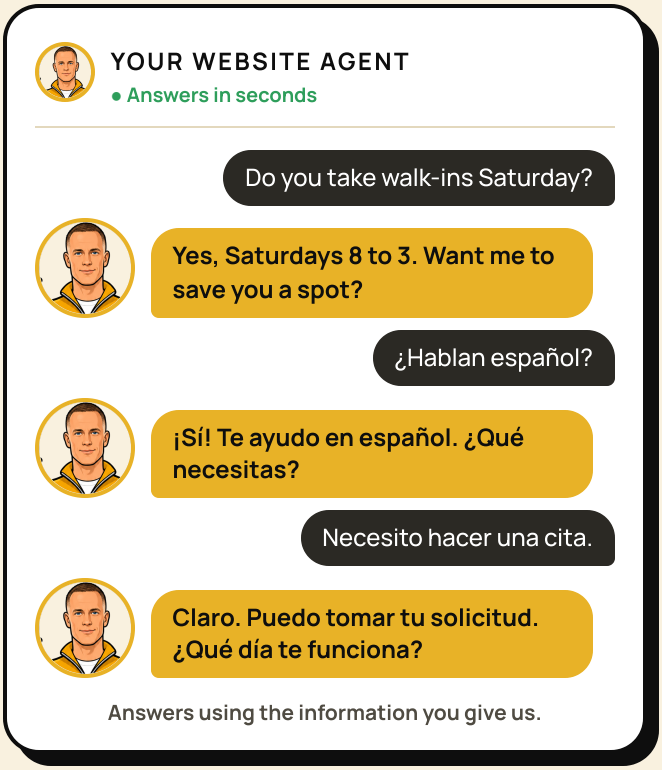

People usually don't keep trying to reach a business. If finding an answer, a service or the next step is hard, they move on to the business that makes it easy. Your Website Agent gives customers a simple way to ask, get an answer and know what to do next.

ASK. ANSWER. ACT.

1. **We teach it your business.**
   You give us what customers should know: services, products, hours, policies and common questions.
2. **Customers ask naturally.**
   They tap your photo, mascot or logo and ask like they'd ask you. In English or Spanish.
3. **It helps them take the next step.**
   Sends them to the right page, product or service, collects the lead, or takes an appointment or order request for you to confirm.
